News Release

July 7, 2013

On June 27, 2013, Anthony Forest's Georgia laminating plant located in Washington, Georgia was recertified for the Safety and Health Achievement Recognition Program (SHARP).

SHARP recognizes small employers who operate an exemplary safety and health management system. Acceptance of your worksite into SHARP from OSHA is an achievement of status that singles you out among your business peers as a model for worksite safety and health. Upon receiving SHARP recognition, OSHA exempts your worksite from OSHA programmed inspections during the period that your SHARP certification is valid.

About Anthony Forest

Anthony Forest Products Company is an integrated forest products business incorporated in 1965. The company operates a southern pine lumber producing mill in Urbana, Arkansas; and wood chip mills in Plain Dealing, Louisiana and Troup, Texas. The company also operates engineered wood laminating plants in El Dorado, Arkansas and Washington, Georgia. Anthony Forest Products Company and EACOM Timber Corporation of Montreal, Canada jointly own and operate the I-Joist manufacturing plant in Sault Ste. Marie, Ontario.
