News Release

December 15, 2014

In 1999, the Troup Chip Mill in Texas achieved an elite status with OSHA and received its first Sharp award. The OSHA website states, “By achieving SHARP status, you have placed yourself in an elite group of small businesses that maintain exemplary injury and illness prevention programs.”

Charlotte Humphries, EHS Coordinator for Plain Dealing and Troup, advised that, “In 2013, Texas started requiring inspectors to do a mid-term inspection which determines whether or not a facility maintains its SHARP status. Troup has consistently been re-certified and is the only chip mill in the Texas SHARP program.”

This new certificate is effective until 2016.

Left to right are Luke Hensley, Brenda Dickey, Terry Womack, Charlotte Humphries, and Greg Bissell.

About Anthony Forest

Anthony Forest Products Company is an integrated forest products business incorporated in 1965. The company operates a southern pine lumber producing mill in Urbana, Arkansas; and wood chip mills in Plain Dealing, Louisiana and Troup, Texas. The company also operates engineered wood laminating plants in El Dorado, Arkansas and Washington, Georgia. Anthony Forest Products Company and EACOM Timber Corporation of Montreal, Canada jointly own and operate the I-Joist manufacturing plant in Sault Ste. Marie, Ontario.
