

THE APA EWS TRADEMARK

The APA EWS trademark for glued laminated timber (glulam) appears only on glulam products manufactured by *Engineered Wood Systems* members. The mark signifies that the manufacturer is committed to a rigorous program of quality verification and testing and that products are manufactured in conformance with ANSI Standard A190.1, American National Standard for Structural Glued Laminated Timber.

The APA EWS mark includes similar information found in other engineered wood product trademarks. Product identification required in ANSI Standard A190.1 appears on all APA EWS trademarked glulams.

CODE RECOGNITION OF EWS

Engineered Wood Systems is recognized by major model building codes under International Accreditation Service (IAS), Certificate AA-649.

- 1 Indicates structural use:
B - Simple span bending member.
C - Compression member.
T - Tension member.
CB - Continuous or cantilevered span bending member.
- 2 Mill number.
- 3 Identification of ANSI Standard A190.1, *Structural Glued Laminated Timber*.

- 4 Applicable laminating specification.
- 5 Applicable combination number.
- 6 Species of lumber used, when applicable.
- 7 Designates appearance grade.
FRAMING,
FRAMING-L
INDUSTRIAL,
INDUSTRIAL-L
ARCHITECTURAL,
PREMIUM.
