El Dorado, Arkansas-September 4, 2015: On April 30, 2015, APA – *The Engineered Wood Association* announced the winners of its 2014 Safety and Health Awards, a program that encourages and recognizes safety and operational excellence in the North American structural panel and engineered wood products industry. Anthony Eacom Inc., which produces our Power Joist®, won the Safest Company award in the category for companies with three or fewer mills. Anthony Eacom Inc. posted a perfect 0.00 Weighted Incident Rate (WIR) for 2014. Louisiana Pacific Corporation won the other Safest Company Award in the category of four or more mills with a 2014 average WIR of 3.03. Anthony Eacom Inc. also added the Incident Free Honor Society Award with a zero incident rate for 2014. There were only 15 other APA member mills to receive the Incident Free Honor Society Award.

Seventy-six APA-member structural wood panel and engineered wood product facilities in the U.S., Canada, and abroad participated in the 2014 program. A total of 12 facilities representing seven APA member companies—Anthony Eacom, Inc., Boise Cascade Company, Louisiana-Pacific Canada Ltd., Louisiana Pacific, Norbord, RoyOMartin, and Weyerhaeuser—earned awards in various competition categories. To read the full announcement and see the complete list of winners please visit <http://www.apawood.org/award-winners>.

On August 26, 2015, Ed Elias, President of the APA-The Engineered Wood Association, presented the official plaque for the Safest Company Award to the employees of Anthony Eacom Inc. at the Sault Saint Marie, Ontario plant. Russ Anthony, President of Anthony Eacom, Inc. and board member added, “I am proud to be here today to share two safety accomplishments that have molded the best workforce ever at Anthony Eacom.” After the presentation, the Anthony Eacom Inc. Board of Directors and employees enjoyed a catered lunch.

About Anthony Forest

Anthony Forest Products Company is an integrated forest products business incorporated in 1965. The company operates a southern pine lumber producing mill in Urbana, Arkansas; and wood chips mills in Plain Dealing, Louisiana and Troup, Texas. The company also operates engineered wood laminating plants in El Dorado, Arkansas and Washington, Georgia. Anthony Forest Products Company and EACOM Timber Corporation of Montreal, Canada jointly own and operate the I-Joist manufacturing plant in Sault Ste. Marie, Ontario.
